Autumn 2011

New Logo and Notice board

The new notice board is now in place and we are grateful to Cllr. Malcom Waters for providing the funding to allow us to go ahead with the project. Please do use it to publicise local events. The only guidelines applying to what can be posted are:-

- 1 Content must come from local residents
- 2 Content should not be of a religious or political nature

We also felt it would be a nice idea to adopt a logo to represent the association. Sir Christopher Hatton's crest was a golden hind so we thought that would be appropriate. The old notice board is now at the Redwell Stores.

Wanted poster

We are pleased to welcome two new members to the committee but are still hoping to attract more new recruits. All that is required is the

ability to attend meetings once a month and an interest in your local neighbourhood.

Social Events

The 10 pin bowling morning was a great success with 17 adults and children enjoying some lively sessions and the pig roast was a lovely afternoon. The following says it all:-

'Having recently moved to the Hatton Park area, we were delighted to attend the annual residents' association pig roast. A great afternoon was had by all with welcoming company, lovely food and dry weather. It was a great chance to see the community enjoying themselves. We're already looking forward to next year, so hopefully you will be able to join everyone.' The Howes Family

Annual General Meeting

Sunday November 20th

2.30 p.m. at the Cricket Club

Please come along and let us know your concerns and meet your councillors.

Pavements and Roads

These continue to cause trouble and complaints. It is only a matter of time before serious damage is caused.

The Chairman, Alan Wortley, has, once again been in contact with the County Council highlighting the extra danger caused by switching off some of the street lights and calling on them to 'remember' the schedule they agreed 18 months ago. Under the present conditions we are not optimistic but we await their response.

In the meantime if you have any incidents as a result of the poor conditions of the pavements please do let us know.

Vodafone mast

We have just been informed that the new mast by Glamis Meadow will be activated imminently; the Bush Close mast will then be decommissioned shortly afterwards.

Just a thought; instead of throwing away your old stuff you could perhaps see if there is anybody who might have a use for it.
